" We have done £500,000 in sales online since January 2008 thanks to you and your course."

*" Phenomenal. what you offer continues to work. This is a third testimonial and update for you. Your coaching program continues to give me direction, focus, and a clear plan of action. As a direct result of your persistence, guidance and support, **We have done £500,000 in sales online since January 2008 thanks to you and your course.** I am happy for you to use this as a testimonial, as I can vouch to everyone considering your excellent course - they simply cannot fail if they practice what you preach.. It is just dynamite.*

We are now on target to do £4.7m this year.

I am telling everyone about you and your course. "
