

PERSONAL SUCCESS AUDIT

The first step to identifying where you are
in order to get to where you want to be

Level One

READ THIS FIRST.

The Personal Success Audit is very easy to complete. Quite often when you are not generating the results you want in your life it's often because you are focusing on your circumstances, surroundings and the "effects" of bad or negative thinking and programming instead of identifying, addressing and eliminating the root cause behind the challenges, obstacles and limitations you are currently facing in your life.

Simply answer each question **YES** or **NO**, then add up your total number of **NOs** at the bottom. For additional help, read the instructions and guidelines at the end of the audit.
